

Be Prepared!

Don't let bed bugs ruin your bottom line and your reputation!

Use RestAsure

The SAFE BedBug Solution

- Treat & Sleep
- Lab & Field Tested
- Use Anywhere Bed Bugs are Found
- Made in USA
- Minimum Risk Pesticide (EPA exempt)
- Kills Bed Bugs, Larvae and Their Eggs!

A Technology Breakthrough:

At last, residential and commercial facilities have a natural and effective way to deal with bed bugs that, up till now, required **dangerous** and **toxic** pesticides.

RestAsure provides immediate Bed Bug elimination. **RestAsure** is the perfect solution to solve a current bed bug problem as well as the **ONLY GUARANTEED** solution to prevent unwanted re-occurrences in the future because it is safe for multiple applications and leaves no harmful residue.

RestAsure USES naturally occurring minerals and non-toxic elements to eliminate bed bugs. When used as directed, **RestAsure** can be used around the entire family – including children, pets and plants.

Directions for use:

RestAsure should be applied directly on mattresses, box springs, headboards, baseboards, dressers, nightstands, vents, curtains, carpeting, furniture, and around any area where infestation is determined. Repeat as often as needed.

RestAsure is available in Cases of Quarts, Gallons, 5-Gallon Pails and 55-Gallon Drums.

Storage and Handling:

Store in a cool, dry place. Avoid inhalation. Wash hands after use. Avoid eye contact.
